“A committee made up of two members of the City Council, the City Manager, the Community Development Director, the Chief of Police and at least two and not more than four members of the public.

The committee shall provide oversight and advice to the Code Compliance Manager and the Police Chief on priorities and courses of action. It shall meet once per month at a regularly scheduled time set by the City Manager.”

1. Call to order

Chair Knopp called the meeting to order at 3:00 P.M.

2. Introductions/Roll Call

Secretary Sabrina Lumpkin called out each member of the Committee, and all but Alonzo Bradford were present, constituting a quorum. Alonzo Bradford joined the meeting at 3:22 P.M.

3. Approval of Minutes of February 19, 2020 (Action)

Chair Knopp called for a motion to approve the minutes from February 19, 2020. City Council Member Julie Woodall asked for a minor change to be made to the minutes being approved. Woodall asked to add related to nuisance abatements after the word paperwork on page 3, line 3 on the minutes being approved. Knopp asked the Committee if they all approve the amended minutes.

Motion: Strahan

Second: Woodall

Knopp asked all in favor to pass the amended minutes say "I", unanimously motion passes.

4. Public Presentations

Knopp asked if there are any Public Presentations, and since no one spoke up. Knopp asked Secretary Lumpkin if there were any hands up or phone numbers showing online. I answered "No." Knopp also asked City Clerk Karen Dunham if there were any emails from the public. Since that answer was also "No." Knopp asked to move on to the next item on the agenda.

5. Discussion on Animals Running at Large

Knopp asked Chief Conner to discuss the animals running at large. Chief Conner mentioned that the City does have nuisance regulations for dogs running at large and that loose dogs are a problem in town. Currently, our Officers capture the loose dogs and cats and bring them to our station and try to locate their owners by posting the animal's picture on Humboldt's Paws Cause. We currently have a contract to take all animals to Miranda's for a set monthly fee, but Miranda's would want more money if we were to take all the animals we encounter on a monthly basis. We currently take on average 0-5 animals a month to Miranda's. We have taken as many as 18 animals, dogs and feral cats, in a month to Miranda's before. Knopp ran the discussion by calling on each member of the Committee to get their input. In summary, the ideas from the Committee's discussion were to push for more citizens to get their dogs licensed to make it easier to locate owners of loose dogs, also to possibly spay or neuter feral cats and release back where they were found to help limit the number of cats taken to Miranda's (bring back this idea at a later date), and to figure out a way to hold the owners accountable to clean up the messes that their animals leave behind. Chief Conner suggested to the Committee Members that they should call 764-5641 to report loose dogs, and dogs getting into garbage cans. Knopp mentioned at this time I open the topic for public discussion. Since there were no responses, Knopp moved on to the next item on the agenda.

6. Discussion on Community Service Officer-CSO for Code Enforcement and Animal Control (Possible Action)

Knopp mentioned that the CSO position has been a topic a few different times over the past year, and wanted to get each one of the Committee members' opinions on the CSO position. Conner stated when this item was first brought up he was lukewarm about the idea, but now he feels it highly necessary and that he has no time or energy to spend on code enforcement like he had planned. Currently we have Officer Charlie Fielder working three days a week in our department on code enforcement and other police duties. Julie Woodall's concern if we hire a CSO would they be full-time or part-time, and will they be pulled into doing other police duties other than code enforcement and animal control. Chief Conner said perhaps, that's what happens in such a small department. Chief Conner mentioned that he could find enough work to do to keep the CSO position busy full-time. Caldwell suggested guidelines that the CSO position should work 60% on code enforcement and animal control, and the other 40% on other police duties. Knopp asked the Committee if they wanted to endorse the CSO position.

Motion: Woodall

Second: Marks

Knopp called for a vote, Secretary Sabrina Lumpkin called out each member, and unanimously all except Sue Strahan endorsed the CSO position.

7. Active Comcate List

Knopp gave Chief Conner the floor to discuss the open and closed cases on Comcate. Caldwell informed Conner that there are a few Building Code and Vacation Rental cases that can be closed on Comcate since the property owners have corrected their violations with the proper permits. Conner mentioned that the case on Fourth Ave will be getting their second citation in the amount of two hundred dollars for their household trash piling up in front of their residence in a trailer. Next, the current case at 168 Ogle is being cleaned up with the County's help. Also, the City still needs to file a lien on the property at 61 Monument Road for repairing the sidewalk, wall, and fence before closing the case. Chief Conner also went over the City's Fence Ordinance and noted that shrubs are not mentioned in the ordinance, but lattice work was. Conner also mentioned that one more fence complaint has been closed since the Committee's last meeting. The Committee went over the current cases, and some questions and suggestions were made. Alonzo Bradford asked about the status of the Universal Garbage Pick-up the Committee recommended to pursue. Knopp mentioned that the City has had conversations with Recology, and the problem is with the cost to get it started. In order to make the Universal Garbage Pick-up feasible, more cities need to adopt the idea like Fortuna, and Ferndale. Chief Conner suggested that he will have Officer Fielder follow-up on all the active cases in Comcate, and close the ones that are no longer valid. The Committee plans on going through the remaining list to prioritize the cases objectively on ordinance violations, public safety, and beautification at their next meeting. Knopp asked if there were any public comment. Since there were no comments from the public, Knopp asked to move on to the next item on the agenda.

8. Member Reports

Knopp asked each member from the Committee if they had anything that they would like to report. In summary, the Committee had a few concerns about the homeless population and the safety of our citizens, also the graffiti in and along the bridges and over passes of Rio Dell, and who is responsible for removing it? Knopp mentioned that it is the property owner's responsibility to remove the graffiti and that Cal-Trans is really good about removing the graffiti from the bridge once they know about it. Also, Carter suggested that the Committee should present an update to the City Council since it has been almost a year since the Committee has been formed. All the members from the Committee were onboard and Knopp mentioned a few dates that could be a possibility. Knopp asked if there were anymore comments and asked for a motion to adjourn the meeting.

Motion: Woodall

Second: Marks

9. Adjournment

Knopp adjourned meeting at 4:20 P.M.
